

Parent Portal Accounts

Parent Portal accounts become inactive after 90 days of inactivity (summer months).

You will need to re-create your account to be able to view your student's grades and attendance. The same portal ID numbers that you used last year will work if you still have them. If not, you will need to contact your child's campus to get it.

To set up your account, click "New User".

- Step 1: Assign yourself a User Name using 6-9 digits as described. Then assign yourself a password, confirm your password, and type in your e-mail address.
- Step 2: Answer a hint question (in case you forget your password later).
- Step 3: Enter the portal ID number and the birth date of the student.

After you have set up your account, you can change information or add other children by going to "My Account".

Parent Portal accounts will not be available or accessible until after September 9th 2011. This is due to scheduling, new student enrollment and any changes that need to be made at the beginning of the school year.

If you have any questions, please contact your child's school campus karennylec@celinaisd.com.

Thanks!
